Free Picture Show.

The free picture show at the Patriot Theatre, at 2 p. m., Saturday, entitled "The Government Poultry Farm," given under the direction and management of Miss Bertha Henry, Home Demonstration Agent, for Dickson County, was a success in every particular. The building was densely packed by farmers and their wives and town people, all of whom are vitally interested in this profitable industry in Dickson County, as is evidenced by the increased production from year to year of poultry and eggs which is marketed here. So well did the people like the show that Miss Henry has been asked to repeat it next Saturday, which will be done, at 2 p. m. Don't fail to see it. Free admission.

Law Prohibiting The Scrub Sire Running at Large

The Dickson county Livestock Association met in January to discuss means for the improvement of the livestock of the county. It was found that the running at large of the scrub sire was a great hindrance to the growing of good livestock, and hence the Livestock Association asked their representatives in the Legislature to give a law prohibiting the Scrub Sire running at large in Dickson county. The following law was passed:

Chapter 793,
Senate Bill number 1086,
(by Rice of Stewart)

An act to prevent Bulls of six months old and older and Boars of three months and older from running at large in counties of this state of the population of not less than 19,955 nor more than 19,960.

Section 1. Be it further enacted by the General Assembly of the State of Tennessee, That it shall be unlawful for an owner or anyone having control or management of cattle and swine to permit male cattle or Bulls six months old and older or males of swine or Boars three months and older to run at large in any county of this state having a population of not less than 19,955 nor more than 19,960 according to the Federal Census of 1910 or any subsequent Census.

Section 2. Be it further enacted, That owner or anyone having control of any such male cattle or any such male swine or Boars mentioned and included in Section 1 of this Act who may willfully violate this Act shall be guilty of a misdemeanor and on conviction shall be fined not less than \$5.00 nor more than \$25.00.

Section 3. Be it further enacted, That this Act take effect from and after its passage, the public welfare requiring it. Passed April 16th, 1919.

Andrew L. Todd,

Speaker of the Senate.

Seth M. Walker,

Speaker of the House of Representatives.

Approved April 17th, 1919.

A. H. Roberts,

Governor.

This law is for Dickson county and now in force. The Livestock Association wishes to ask the hearty support of every farmer and citizen interested in Livestock to see that this law is enforced. It will mean thousands of dollars to Dickson county in improved livestock.

Dickson County Livestock Ass'n,

AGAIN, DICKSON COUNTY GOES "OVER THE TOP"

Dickson County's Subscription to the Victory Liberty Bond Issue Was Over
\$49,000.00 More Than Her
Allotment.

The name of Dickson County is again placed on the Honor Roll by our patriotic people subscribing for more than the County's allotment in the Victory Liberty Bond Campaign.

Dickson County's subscription to the Fifth Liberty Bond Issue was over \$49,000.00 more than its allotment. The County's quota was \$221,850.00. At the beginning of the Campaign it seemed almost impossible to sell this amount of bonds, as Dickson County's allotment was more than the total allotment to Humphreys, Hickman and Houston Counties, but after all members of the County Committee and all banks of the County have made their final report, County Chairman, Pitt-Henry, informs us that Dickson County's total subscriptions for the Victory Bonds was \$270,100. Mr. Henslee informs us that the people of Dickson County in the Bond Campaign, just closed, bought more bonds than the total subscriptions of Houston, Humphreys, Hickman, Lewis and Wayne Counties combined, by over \$8,000.00 in favor of Dickson County.

The best way to measure the team work done by the bond workers in Dickson County is to compare subscriptions of our County with adjoining counties, and with local pride we publish the following official report of subscriptions of our sister counties:

Houston County	\$16,600.00
Lewis County	24,250.00
Hickman County	87,250.00
Humphreys County	107,300.00
Wayne County	22,000.00
Dickson County	270,100.00

Reports from all Counties in Tennessee shows that Dickson County bought more bonds in proportion to its taxable value than any County in the State. The patriotic people of old Dickson have gone over the top in every war work campaign since the United States declared war on the Kaiser.

TO RAISE FUND FOR HOME DEMONSTRATOR

In recognition of the excellent service rendered by Miss Bertha Henry, County Home Demonstrator, the undersigned have volunteered to contribute the amounts named below to secure the \$250 necessary to be raised in the county to secure an equal amount from the government to retain her services for the next six months beginning with July:

Columbia Produce Co.	\$25
Murphree Produce Co.	25
Mrs. Pitt Henslee	10
Rex Dry Goods Co.	5
H. Dry Goods Co.	5
Dickson County Herald	5
A. J. Byrn	5
Mrs. Robt. Clements	5

The above subscriptions were secured in a few minutes to get the good work started. There are many public spirited citizens of this county who would like to contribute to this cause.

Miss Henry has organized 21 Pure Bred Poultry and Garden Clubs in this county this year with about 600 members. Will not each club member contribute one dozen eggs to this fund? Either one of the produce houses at Dickson will handle the eggs contributed, and put them on the market and give full credit for what they bring.

Miss Henry is a living example of thrift and has walked all over this county organizing these clubs. She is engaged in a work that is transforming the young life of our county into real home makers. We could not make a better investment than to buy a ford car for her so she could get in touch with all the people in the county. We appeal to all the people in this county to help.

Herbert H. Talant, recently discharged from the army, is ready to do his county a service and has consented to act as treasurer for this fund. Come on with your contribution and eggs.

ORDER ISSUED FOR BET- TER DEPOT FACILITIES

Tennessee Railroad Commissioners Issue Order in Regard to Depot.

Some weeks ago the Mayor and Board of Aldermen filed a complaint with the Tennessee Railroad Commissioners in regard to the poor depot facilities at this place, and after an investigation made by the commissioners, the following opinion has been rendered by them:

Mayor and Citizens of Dickson,
Dear Sirs:

N. C. & St. L. Ry.
Opinion.

The Mayor and other officials of the town of Dickson, Tennessee, filed a petition with this Commission requesting that adequate depot facilities be provided by the N. C. & St. L. Ry. at Dickson, Tennessee.

Ry., went to Dickson where they were met by the Mayor and a Committee of Citizens, the grounds were gone over carefully and all depot facilities thoroughly inspected. Said finding being concurred in by the representatives of the said N. C. & St. L. Ry.

The Commission is of the opinion that adequate depot facilities should be furnished to the traveling public of Dickson, Tennessee, and its environs, and an appropriate order will be issued.

It is ordered that the N. C. & St. L. Ry. erect and maintain adequate facilities at Dickson, Tennessee, and;
